

								Treasury meets legal/statutory requirements. A higher current value indicates we are operating more efficiently and effectively and also assists with budget planning and decisions. This data has a lag time of 1 month.
Financial								
BOI-2	MPSERS Quarterly rolling 1 year average return	Red	<u>.</u> 2	6.8%	2.7% 2019, FYQ1	11.6%	Quarterly	Actual investment rate of return on pension fund assets for the Michigan Public School Employees' Retirement System vs. Actuarial Target Rate
BOI-4	MPSERS Quarterly rolling 5 year average return	Green	₹.	6.8%	8.0% 2019, FYQ1	10.1%	Quarterly	Actual investment rate of return on pension fund assets for the Michigan Public School Employees' Retirement System vs. Actuarial Target Rate
BSAF-4(a)	State Credit Rating (Fitch)	Yellow	=	AAA	AA FY2018	AA	FY Annually	Ensure the state receives the best credit rating possible. A better credit rating allows the state to borrow money at the most competitive rates available. Ensures the financial position of the state provides a climate for business investment and citizen confidence.
ORTA-7	Revenue Estimate - Accuracy - % estimated within actual	Green	•7	3.0%	1.4% CY2018	0.3%	CY Annually	The Office of Revenue and Tax Analysis (ORTA) estimates revenues each year to assist with forecasting and financial planning for the State of Michigan. The target of 3% is in reference to estimate revenues within 3% of actuals. Providing accurate revenue estimates impacts the overall state budget process and allows for better budget planning. A lower current value indicates estimates were closer to actuals.
Learning an	d Growth							
I&D-1	Professional Development - Staff Participation - % of Staff in Attendance at Professional Development Events	Green	. ℃	60%	64% 2018, CYQ3	59%	Quarterly	This metric will identify the percentage of Treasury employees participating in professional development events. These events include Treasury Resume Review, Treasury Mock Interviews, and the Meet & Greet event. Providing these events offers opportunities for staff to grow professional skills in the work place. A higher current value indicates greater participation, demonstrating increased exposure to professional development skills. Target value is representative of average participation per all events held for the quarter. This metric measures the average rate at which available seats are being occupied by Treasury employees. New metric September 2018, data will be provided once baseline is established.
I&D-2	Cultural Awareness and Education- Staff Participation - % of Staff Participation at Cultural Awareness Events	Green	√	55%	118% 2018, CYQ4	59%	Quarterly	This metric will identify the percentage of Treasury employees participating in cultural awareness events. Events include diverse cultural committees and staff click rates of relevant posted articles on the Treasury Vault page. Participation facilitates awareness and education of diverse counterparts, leading to a more inclusive workplace. The goal is to increase participation rates, indicating more awareness of diversity in the workplace. Target value is representative of average participation per all events held for the quarter. This metric measures the average click rate of relevant articles and the available seats being occupied by Treasury employees. New metric September 2018, data will be provided once baseline is established.
EXEC-1	Improve Internal Communication Through Web	Green	Ш	100%	100% 2019, February	100%	Monthly	Regularly update the Treasury Intranet home page to ensure staff have access to current information. This measures the percentage of time the web is updated at least monthly.
Good Gover	rnment							
GG2	The percentage of champions identified in employee survey	Green	=	56%	54% 2018 Survey	54%	CY Annually	The % of champions identified in the statewide survey of state employees measuring employee engagement. Current value represents 2017 Employee Engagement Results.
The status of	color for this metric reflects breaking points at 90% to 100% of the	ne establishe	ed target val	ue.
